Description

The history of Rebelo Artes Gráficas dates back to January 1983, when Armindo Rebelo and Ascensão Rebelo decided to start a small business of offset printing. After all these years and after successive changes of facilities which allowed a qualitative always coupled with an enormous and continuous effort to modernize the means of production, Rebelo Artes Gráficas has acquired in its own place among the best in the printing Portuguese industry, with a very broad range of equipment in the areas of offset, digital (both small and large format).
