Description

The company Candibambú it's located on the North of Portugal and is committed to the manufacture of lighting equipment and decoration. Our client is both the small shopkeeper as well as the large chain stores of furniture and lighting , but our client is always a satisfied client! The Candibambú distinguishes itself from the competition due to the design and innovation that puts on the products of medium to high range , featuring all years new and original models. In our company you can find lamps produced and designed through different materials such as wood , glass, nickel and crystal, and many of them customized to your taste (personal as customized).
