- 20-11-2015 (10:00 a.m. to 7 p.m.)

Description

Reflecttherm Lda. dedicates to the production and commercialization of thermal solutions and acoustic treatment solutions, whether it is for impact or aerial sound solutions for the buildings.

Leader in Portugal on the production of reflective insulation, we developed a new range of insulation with thicknesses varying between 6 and 50 mm, these products have a substantially superior thermal performance compared to conventional air bubble insulation.

We are pioneers, worldwide, on the fabrication of thermal quilt insulation, multi-layers, with outer covers in aluminium, longitudinally welded only, without any intermediate sewing or welding, to put as insulation distributed in air-box.

Why choose Reflecttherm?

Our products are aluminum, so unalterable over the years!

They are although:

- - Without intermediate welds, seams or collages
- - **Manufactured according to your needs;**
- - Insensitive to humidity;
- - Totally malleable
- - Adaptable to all surfaces
- - High quality
- - Innovative
- - High thermal resistance;
- - An unique relation quality / price
